

No straw thanks!

We have removed straws from the counter to help reduce the **500 million plastic straws** that are used and thrown away every day. If you need a straw with your drink, please ask.

We've pledged to go
plastic-straw free!

Over 500 million
plastic straws
are used and
thrown away
every day.

We hope you
can enjoy your
drink without
one, but if you
need a straw
with your drink,
please ask.
